

Unlimited Fund Behind Pine Village Gridders

MANAGER CLAIRE RHODE SAYS COST OF PLAYER'S SERVICES NO OBJECT IF HE DELIVERS

Lineup Includes a Number of Former Stars of Famous Georgia Tech College Team.

If a football player can fill the bill, the price of his services is no object to the management of the Pine Village team which plays the Independents here next Sunday. Along in August, Claire Rhode went on a tour of the middle west in search of the best grid talent to be had. Rhode is a swine-raiser, manager of the Pine Village aggregation, and one of the chief stockholders of the club. It was in Des Moines that he ran across Pete Welch, former Ames star, and informed that Pine Village was due to be represented by a greater team than ever before this season. He told Pete that inasmuch as the Ames had always boasted a high-class organization, there was no reason why the record of victories could not be maintained. The lineup of stars who will attempt to beat the Independents includes several former Georgia Tech. Every football fan knows that in the past half-dozen years, Georgia Tech has ranked with the foremost college teams of the country.

Equal Hammond.

According to Manager Rhode, his players command collectively a weekly salary as great as that paid to Hammond, but he says no boast is made of the fact because the men earn it all. Pine Village is scheduled to meet the Massillon Tigers and Canton the latter part of November and is confident of annexing the scalp of the Independents.

IN FOOTBALL CAMPS

Illinois.

Champaign, Ill., Oct. 28.—Illinois hopes for the Maroon game as scheduled when all the men injured in the Wisconsin engagement were able to report for work. While rain poured in torrents on Illinois' field, Zupke drove his regulars through formations. Tonight the coach will go to it in record time.

Jack Crangle, whose lack of endurance was a potent factor in the Illinois reverse, scrimmaged with the reserves. By Saturday the giant fullback will be able to stand the game.

Zupke is considering some slight changes in the forward wall, but nothing is certain. The veterans, Applegran and Ots, Petty, may come in for a chance. Laurie Walquist is all right, and the little fellow will be a main dependence against the Maroons. Milt Olander needs a rest, but is not injured.

Michigan.

Ann Arbor, Mich., Oct. 28.—Yost began two weeks of secret practice last night in preparation for the Chicago game. Northwestern plays here Saturday, but is not expected to give any very strong opposition, and a certain portion of each day's practice will be spent in preparing the Wolverines for the Chicago contest, which is counted on as one of the hardest games Michigan faces. Rye, left end, is out of the

game for the balance of the season because of the fractured leg suffered in the Ohio State contest. This means a shifting of the entire line. Duke Dunne, MacGrath, Hamilton, Hugh Wilson, Carey, and Van Wagoner are the men out of whom Yost is expecting to develop a set of ends. Injuries also have made it necessary to find a new center and Ward Culver will again be given an opportunity to make good at the position.

Indiana.

Bloomington, Ind., Oct. 28.—With two feet of water covering the Indiana athletic field, after a 24 hour downpour, outdoor practice was out of the question yesterday. Head Coach Stehm had both varsity elevens line up on the big basketball floor of the gymnasium, where the signals were run until a late hour, after which there was a blackboard drill, when the Notre Dame formations were explained. Stehm witnessed the Notre Dame game Saturday, and thinks the Catholics are stronger than Minnesota. He is well pleased, however, with the improvement in the strength of the Indiana line, and believes his team has a chance against the South Bend aggregation. New plays were explained at the drill and will be tried out on the freshmen tomorrow.

Minnesota.

Minneapolis, Oct. 28.—The Gophers were driven indoors yesterday afternoon by an all day snowstorm. A light signal drill in the armory was all that Dr. Williams gave his crippled athletes after Saturday's defeat by Iowa. Jack Phillips, whose loss to the Minnesota team early in the game practically cost the maroon and gold a victory, was not out today. His knee continued to bother him and Dr. Williams has decided to let him take it easy before the Wisconsin game Saturday. It was learned today that Walter Hazel, star halfback, who has not played for two weeks, may get into the Badger tilt. He received a bad injury several weeks ago, and it was thought that he would be out for the season. Joe Kennedy, another promising back, also may get a chance Saturday, as his broken collar bone is pretty well

mended. About one thousand Minnesota students and rooters will make the trip to Madison Friday night.

Iowa.

Iowa City, Iowa, Oct. 28.—Iowa players did not show any signs of injury from the Gopher game when the Hawks practiced last night. Every varsity man ran signals and went through the practice with lots of "pep." Quarterback Kelly, still under doctor's care, looked on in civilian clothes. It is not known now whether he can play against South Dakota Saturday, but he will be O. K. to meet Northwestern. After the varsity had been sent in Jones scrimmaged the second and third elevens, Rich, Jacqua, and Trentiss tore big holes in the third team line until darkness called a halt. South Dakota's team is little known here, although a fast aggregation is anticipated. Iowa hopes to win.

Purdue.

Lafayette, Ind., Oct. 28.—Rain interfered with the daily workout of the Purdue squad yesterday, but Coach Scanlon gave his men a light workout and announced that tomorrow's program would be a strenuous scrimmage session. The team is in good spirits and physical condition and expects to be at its best for the game with the Michigan Argies here Saturday. The new backfield combination with Meeker and Wagner, Huffine and Church working together, is proving effective. Macklin and Daly at present being used as reserves.

Notre Dame.

Notre Dame, Ind., Oct. 28.—Having trounced Western Normal by the use of straight football and without the services of "Dutch" Bergman, stellar offensive performer, Notre Dame players are optimistic over the outcome of the contest with Indiana at Indianapolis Saturday. The squad came through the Normal game in good shape. Several hundred Notre Dame rooters will accompany the team to Indianapolis. The clash will determine the football champions of Indiana.

HUGE CROWD ASSURED FOR BIG ANNUAL MIX BETWEEN ILLINOIS AND CHICAGO ON TAP SATURDAY

Rock Islanders Wishing To Attend Who Have Not Made Reservations Should Act Now.

(Special to The Argus.)

Urbana, Ill., Oct. 28.—Fourteen thousand reservations for the Chicago game, Nov. 1, during the home-coming of the alumni of the University of Illinois have been made to date. Rock Islanders intending to see the big game are warned to make reservations at once through fraternities, sororities or the university business office. Only about fifteen hundred seats at \$1.50 are left and the \$2 and \$2.50 seats are nearly sold out. Temporary bleachers are being erected across the north and south end of Illinois field, where the game is to be played. If the crowd warrants it, the movable bleachers down at the baseball field will be dragged up and placed in the corners. The athletic association is preparing for only a crowd of about nineteen thousand, although the Illinois Union estimates that there will be over twenty-three thousand. When all the reserved seats are in place they will accommodate 16,000 with standing room left for 3,000. Standing room admission will be sold at the gate for \$1.

Decorations.

The university district is to be decorated as never before during the celebration. Nearly 350 yards of orange and blue bunting will be used on the front of the Union building alone, official headquarters for homecoming visitors. All bay windows will have the bunting

DAILY CALENDAR OF SPORTS

Racing.

Fall meeting of Kentucky Jockey club at Louisville.
Fall meeting of Maryland state fair association at Laurel.

Field Trials.

Annual trials of Connecticut Field Trial club begin at Wethersfield, Conn.

Elks' billiard tourney starts tonight with games between Mulligan and Salyards and Reynolds and Gogele. On Friday night, Schreiner will meet Carron, and Klove will contest with McInnis.

All the news all the time—The Argus.

MAROONS LINE UP TO FINISH GRID SEASON

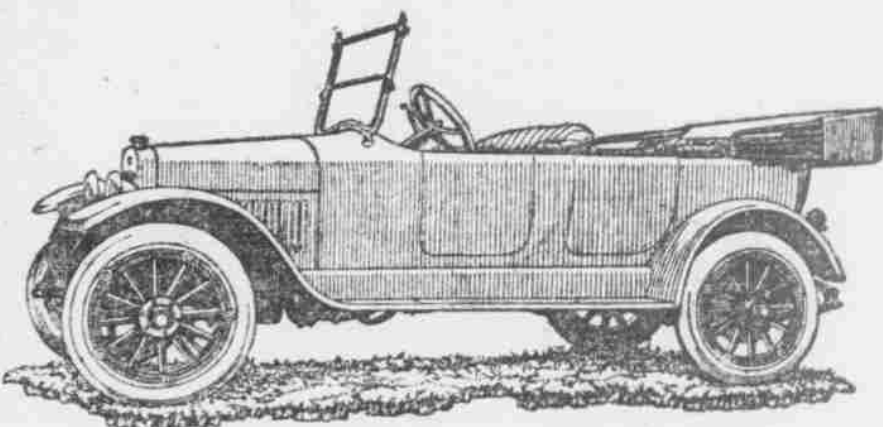

Al Jorgenson Has 15 Men Out to First Practice Sunday and Wants More Tonight.

Organization of the Rock Island Maroons was perfected at Douglas park Sunday morning when 15 candidates reported for positions on the eleven. The Maroons have hopes of stepping out into the light-heavyweight class and coping a few honors before the season comes to a close.

The new grid team was brought together by Al Jorgenson, who is acting as coach. Al is being assisted by Swanson of Moline. This pair of former Independent players are rounding up the men who tried and failed to land steady jobs with Urealla's team, and also a number of former high school stars. Practice is to be held tonight again at the West End playgrounds, at which time a permanent coach will be named. All who wish to try for places are urged to report at 7:30 o'clock.

Arrange Games.

Games have already been arranged with the Peoria Tractors, the same team which beat Moline Sunday, Wyoming, Spring Valley and Kewanee. This will carry the team well along to the end of the season.

300,000 Maxwell Owners Will O.K. This Car

FOR this Post-War Maxwell contains all those fine traits of its 300,000 predecessors.

And in addition the great developments in engine, axle and chassis which the war brought.

But these 300,000 will vouch for its ability, for they have seen their own cars pile up endless mileage, outrun a guarantee on a tire, shy at the repair shop, and go where most other cars wouldn't follow.

They know, too, how thrifty it will prove on gas, how it will please both Son and Grandma in performance and comfort.

To say that they will O. K. this car is wasting words, for it is of the very same chassis model as the 300,000 others.

It's worth an hour of any man's time to look over the Post-War features, note what fine engineering has accomplished, and observe what big improvements have been made in appearance.

The price, however, is still \$985. The extra values are yours.
